

Fighting On Huge Scale Opens On East Front

WILL APPEAL TO TRACTION HEAD TO DEAL WITH STRIKERS

CLAIM GREECE ON VERGE OF BREAK WITH GERMANY

London, Sept. 20.—Fighting on a huge scale is in progress along the Eastern war front whence the center of interest has shifted following the let up in the heavy allied attacks along the Somme in the west.

Evidence is accumulating that the Central Powers are now devoting their main attention to the campaigns in the east, concentrating large forces against Rumania, notably under Field Marshal Von Mackensen in Dobruja, and putting all possible available men in the field to stop the Russian march on Lemberg by way of Halicz and the menacing drives of the Russians and Rumanians in the Carpathians and Transylvania.

Both Berlin and Sofia report the development of a great battle on the line the Russians and Rumanians have taken up in Dobruja to defend the railroad route into interior Rumania from Constantza, on the Black Sea. The engagement, they declare, is turning in favor of the force of the Central Powers, under Von Mackensen. Latest reports from the fighting in Galicia and Volhynia showed the Teutonic forces on the offensive and claiming decided advantages over the Russians under General Brusiloff. As has frequently been the case when decisive developments were lacking, Petrograd today is silent regarding the operations along the Russian front, reporting merely that there have been no important happenings.

Turkish troops, which appear to have played an important part in stiffening the lines of the Teutonic allies, in the east, have been successful in the recent fighting in Galicia, Constantinople announces today. A 48-hour battle with superior Russian forces resulted in the Turks completely maintaining their positions.

In Macedonia the trend of the campaign appears to favor the entente armies. The Serbians are reported in a continued advance along the western end of the line, driving the remaining Bulgarians out of Florina and capturing the highest peak in the Kaimakalan range, north of Lake Ostrovo. Sofia, however, denies the success claimed for the Serbians in the Kaimakalan region.

Greece again appears as a probable new factor in the military field in the Balkans. She is reported to have sent an ultimatum to Germany demanding the return of the Greek troops taken at Kavala by the Bulgarians and sent to Germany for internment.

Comparative quiet prevails in the Somme region. Paris sends news of a German attack at Hill 76, north of the river, which the French repelled, ejecting such Germans as succeeded in gaining a foothold in advanced positions.

On the British front on the Somme, the Germans have also been counter attacking but have failed to regain any of their lost ground, the British war office asserts. Further north along the line British troops raided and cleared a German trench 200 yards in length south of Arras.

Reports from the Rumanian side of the struggle in Dobruja today were more favorable to the entente. Bucharest declares that the Rumanians have won a success over the Germans and Bulgarians near Baigica, 19 miles south of the railway from Constantza to Tzernavoda in the battle on which control of the railway line probably hinges.

The Young Lady Across the Way

The young lady across the way says the world certainly owes a debt of gratitude to the censors for remaining faithfully at their posts all summer to make sure that all the news of the war was sent out promptly.

German Attacks Again Fail

Paris, Sept. 20.—Determined attacks were made by the Germans last night on the French positions at Hill 76 north of the Somme. The Germans gained a foothold at some advanced points, but subsequently were ejected.

Bulgars Cleared Out of Florina

Paris, Sept. 20.—The last of the Bulgarians have been cleared out of Florina, near the western end of the Macedonian front, the war office announced today. After the occupation of the town by the entente forces, Bulgarian soldiers held out for a time in several houses, resisting with savage energy. One hundred prisoners were taken in completing the capture of these positions. The announcement says the Serbians have captured height 2,625, the highest peak of the Kaimakalan range, after desperate fighting at close quarters. On the left wing the Bulgarians are still resisting on the heights north of Sisoderi.

Berlin, Sept. 20.—(Wireless to Sayville).—British and French losses in the battle of the Somme have been about 500,000 men, according to an estimate made today by the Overseas News Agency. The agency estimated that of this number, 350,000 were lost by the British.

Would Not Let Wife Sweep The House Because She Would Wear Out The Broom

Columbus, O., Sept. 20.—After testifying that her husband kept pigs and chickens in their home and that he would not let her sweep the house because she would wear out the broom, Mrs. Mary Rolison, of Licking county, was granted a divorce today from her husband, Alva A. Rolison, said to be a wealthy farmer.

Mrs. Rolison testified that after her marriage on November 30, last, she went to her husband's home and found the five-room house arranged in this manner:

One room housing pigs; one housing chickens; one for the automobile and one a kitchen and another a bedroom.

The wife testified that her husband would not permit her to use soap "because it cost money."

She told the judge her husband would not take her to church on Sundays in the automobile because the gasoline for the automobile would cost too much money.

CHIHUAHUA CITY CAPTURED BY VILLA FORCES, REPORT

BOOST FOR KARNIVAL

The Ironton Ironsonian this morning had the following to say of the Times Korn Karnival edition and the Karnival:

"The Portsmouth Times printed a special Korn Karnival edition last night. There

were 56 pages and every branch of industrial, agricultural and social activity in Scioto county was given mention. It was really a splendid paper and a big boost for the Korn Karnival."

BYE! BYE! SHORT SKIRTS! TO BE LONGER AND LESS FLARING

New York, Sept. 20.—Longer and less flaring skirts are indicated by the fall fashions, says the semi-annual report of the Silk Association of America. They will be of ankle length, frequently made of pleats, and requiring as much or more material than last season, is the prediction. Paris fashions, it is asserted, have not favored the extremely short, almost freaky skirts, which have been worn here this year.

The wearing of these skirts unquestionably has increased the demand for silk hosiery, both fancy and plain, says the experts.

RIOTING FOLLOWS NEWS OF LOSSES

London, Sept. 20.—Serious rioting, in which a number of lives were lost, took place at Chemnitz Saturday afternoon, according to a Central despatch from The Hague.

The despatch says the rioting started when the news arrived of the heavy losses of Chemnitz workmen in the Somme battle. Crowds assembled on the streets and sang "The Internationale", they refused to disperse and were charged by Hussars. Five Hussars were killed and forty wounded and about 40 civilians were killed and 300 armed with revolvers were arrested.

WILSON PLANS TO MEET THE ATTACKS OF HUGHES ON THE EIGHT HOUR LAW

Long Branch, N. J., Sept. 20.—President Wilson and Vance C. McCormick, Democratic National chairman, mapped out here today a program for meeting the campaign attacks of Charles E. Hughes on the railroad eight-hour law.

Asserting that the Democrats would show that the president placed before congress a complete program to meet the recently threatened railroad strike, Mr. McCormick asserted that Mr. Wilson is prepared to argue

strongly during the next session of congress the enactment of this program. "When the entire plan of the president is fully understood the people of the country will join in praising Mr. Wilson," the chairman said. The Republicans, he declared, seem to ignore everything in the program except the one item passed by congress. Mr. McCormick added that it would be shown clearly how the president plans to minimize the possibility of a repetition of the railway situation which arose recently.

The chairman was not ready today to announce any additional speaking arrangements for Mr. Wilson, but said that correspondence had been begun regarding several engagements. He plans to return here next Tuesday for another conference with the president.

AMERICANS ARE SAVED FROM SHIP

Washington, D. C., Sept. 20.—Consul General Skinner at London, cabled the state department today that two American sailors were saved from the British steamer Strathtay, torpedoed by a submarine Sept. 6, in the English channel.

Whether the Strathtay was attacked without warning was not stated. Definite information on this point will be sought before any inquiry is addressed to Germany.

SAYS HE WOULD ALSO BE UNRULY

Columbus, O., Sept. 20.—"If I had to sit in that idle house, by God I'd be unruly too," declared C. C. Philbrick, chairman of the state board of administration at today's hearing at the penitentiary of charges of cruelty against Warden Thomas.

The statement of Chairman Philbrick was made when Warden Thomas was on the stand, testifying in his own behalf, and throw the hearing into an uproar. Later Chairman Philbrick's statements and the warden's replies were stricken from the record.

Total	700,000

New York, Sept. 20.—All other efforts to prevent the threatened general strike of 700,000 trade unionists in sympathy with the striking car men having thus far failed, Mayor Mitchell decided today to make a personal appeal to Theo. P. Shonts, president of the Interborough Rapid Transit Co., and the New York Street Railways to recede from his reiterated intention of refusing to deal with the strikers.

Mr. Shonts' position, is necessary, the traction head says, because of a threat to strike by loyal employees in the event of recognition of the unions.

Although there appeared little hope of a change in the traction company's policy the mayor arranged for a conference with Mr. Shonts later today.

Labor leaders aver that the proposed general walk-out will involve about 700,000 workers in all trades.

Union leaders have promised to withhold their order for a sympathetic strike until after Thursday.

The attempt to operate surface cars last night resulted in the worst rioting since the strike began, but the officials of the transit companies say the service in the day time is improving steadily.

Throughout the night elevated trains, together with subway trains at points where they run

on elevated structures, were subjected to almost ceaseless bombardments of bottles and bricks, car windows being shattered and a number of passengers injured.

Today there were several attacks by strikers and sympathizers on surface cars and police reserves were repeatedly called out.

During the forenoon attacks on surface cars continued intermittently. The last 24-hours have witnessed the most extended disturbance of the strike. Police reports today, show the arrests of twenty men declared to be former employees.

Fifteen of these are accused of felony in attacks on trains and street cars.

Ninety minutes after the break the flood had reached Tannwald and mounted to six feet above the bridges, tearing through the town and carry away and practically destroying everything in its path. Shortly afterward similar scenes were repeated in the villages below Tannwald, where the waters destroyed glass cutting works, mills and houses and then carried them down stream. That the loss of life was not greater was due partly to the hour of the catastrophe, which was late in the afternoon when most of the houses were empty and also to warnings that were telephoned down the valley ahead of the flood.

Albert B. Voorheis Funeral

The remains of Albert B. Voorheis, who passed away at his home in Avondale, Cincinnati, early Sunday morning, arrived here on the Cincinnati train, Wednesday noon, a special Pullman car being used to convey the body, and relatives. Accompanying the body were Louis Voorheis, Mrs. Nellie Davis and husband David Davis, Miss Kate Voorheis, son, daughters and son-in-law of the deceased; Louis Miller, brother-in-law and Geo. H. Miller, nephew of the deceased. Mrs. Voorheis was not able to make the trip.

A large touring car and one cab were necessary to carry the many beautiful floral tributes. One large wreath was from the Cincinnati Commercial Club, the deceased being the last of the charter members to pass away. A large American flag was draped over one end of the casket. Mr. Voorheis was a member of the Loyal Legion in the Civil War. The flag was removed from the casket as it was lowered into the grave. The funeral procession moved direct to Greenlawn cemetery from the N. & W. train. Geo. D. Selby, Simon Labold, Grant Williams, Senator W. D. Tremper, Dr. G. H. Williamson and F. B. Kehoe were the pall bearers. Rev. George P. Horst of the Second Presbyterian church conducted the last rites at the grave.

Theda Bara in Her Greatest Picture "Columbia Tonight"

A romantic but true-to-life story of present day American life is outlined in William Fox's latest feature film, "The Eternal Sapho," in which the famous actress Theda Bara increases her already great international fame. She acts the part of Laura Gubins, a youthful inhabitant of the underworld.

Of all the many strong pictures in which Theda Bara has appeared, "The Eternal Sapho" is considered by far to be her best effort.

"An International Marriage," Paramount Feature at the Lyric Tonight

Rita Jolivet, the distinguished French emotional artist, makes her first appearance in pictures tonight in the Morosco Paramount feature, "An International Marriage," a superb production of Geo. Broadhurst's famous society drama, and if you like a good modern society drama, elaborately

staged, beautiful costuming, etc., be sure and see it. Tomorrow brings Bryant Washburn and Craig in "Pieces of the Game" and Billie Burke. Friday brings other Paramount favorite, Marie Doro in "Common Ground," a story of a young girl's regeneration through a noble love. Saturday's feature is the "funny man" Charlie Chaplin in his last great comedy, "The Count."

At The Exhibit

"Embers," a five part Mutual Masterpiece featuring two famous stage stars, Arthur Maude and Constance Crawley.

Constance Crawley, in her clever characterization of the invalid wife, realizes that her husband is drawn against his better nature and inclinations to a beautiful young girl who is the personification of health and happiness.

His love for children and her own helplessness lead to the wife's decision to make a tremendous sacrifice in order that her husband may be free to marry again, which introduces an intensely interesting struggle between spiritual love and love born of physical attraction.

"The Real Estaters" is a screaming Falstaff comedy.

At The Arcana

"Riding to Death" is the title of the second chapter of "Liberty" or "A Daughter of the United States" the latest and greatest

Buy heating preparedness now!

You have long known that your building should be radiator heated—but without good reason you have been putting it off and off. Then in a night something happens—someone in the family becomes very ill and reliable heating is seriously needed—or unexpected visitors come, or you find you have chosen a fearfully cold night for a party, and you are so ashamed at not being radiator-prepared that you'd gladly pay double-price if you could instantly put in these wonderful heat-makers and fuel-savers—

Don't begin again the eight-months' burden!

AMERICAN & IDEAL RADIATORS & BOILERS

to make this improvement. These outfits make property sell or rent quicker and at a profit.

A No. 5-21-W IDEAL Boiler and 450 sq. ft. of AMERICAN Radiators, costing the owner \$235, were used to heat the cottage. At this price the goods can be bought of any reputable competent fitter. This did not include costs of labor, pipe, valves, freight, etc., which vary according to climate and other conditions.

The lasting heat that costs the least

The most important question to settle about a new or old building is the heating. IDEAL heating has answered this question for hundreds of thousands of house-owners for over twenty-five years, and as an investment it is permanent and will command a good price even after the owner has enjoyed its comfort and savings for many years.

A little larger first investment over cost of a cheap heating equipment can be quickly overcome by omitting extra inner doors, chimneys, mantle, storm sash, weather strips, etc. You might better increase your borrowing at the bank, for the fuel and other savings that IDEAL heating will give you will make money for you far beyond the bank interest you have to pay.

Send at once for our (free) book "Ideal Heating," which gives most valuable information. Puts you under no obligation to buy.

ARCO WAND Stationary Vacuum Cleaner

We also make the ARCO WAND Vacuum Cleaner, connected by an iron suction pipe to various floors of house, flat, school, hotel, etc. No dragging around a clumsy, inefficient portable cleaner—instead, you have a practical outfit that is part of the building—like radiator heating. GERMANY GETS ULTIMATUM, REPORT

Athens, Tuesday, Sept. 19.—(Via London)—Sept. 20.—There is reason to believe that the Greek government has sent an ultimatum to Germany and Bulgaria, expiring Wednesday night, demanding the immediate return of the soldiers taken prisoner at Kavala.

TO DEPART FROM NEUTRALITY

London, Sept. 20.—A Reuter despatch from Athens under date of September 19, says:

"It is learned on good authority that this morning's conference of Premier Kalogeropoulos and the foreign minister with King Constantine resulted in a decision in principle for a departure from neutrality with a view to dissipating the entente's apparent distrust of the new cabinet."

Rumanians Claim Gain

Bucharest, Sept. 20.—(Via London)—The official report issued today by the Rumanian war office announces that the Rumanians have gained a success against the German and Bulgarian troops in the province Dobruja. The fighting was in the region of Enigien, 19 miles south of the Constantza-Thorn-Voda railway.

British Capture German Trenches

London, Sept. 20.—British troops south of Arras yesterday captured 200 yards of German trenches says the official statement issued today by British army headquarters.

No Immediate Prospect For Peace

Berlin, Sept. 20.—Via London—Delayed—Major Ernest Bassermann, leader of the National Liberal party, in a keynote speech delivered on Monday before his constituents in the Saarbrücken district, declared that the submarine campaign had been postponed and not abandoned. Major Bassermann advocated the widest possible use of both submarines and zeppelins.

The National Liberal leader asserted that its views were shared by Admiral Von Tirpitz, Admiral Von Koester, Prince Van Buelow and Count Zeppelin. They maintained that "in a struggle wherein the existence of Germany is at stake the most ruthless of all possible weapons is called for." This sentiment was heartily applauded by his audience. "Submarines and zeppelins," continued Major Bassermann, "were the most effective weapons against our arch-enemy, England."

Referring to the United States, Major Bassermann warned his hearers against trusting for any permanent effect upon American sympathies from England's blackist policy and the achievements of the Deutschland and other commercial submarines. He warned them also not to hope that the present American protests to England would have any greater effect than their predecessors.

I think you can be happy if you marry him. Of course you will never take the place of the first wife, but if you try and do your part you will make a place for yourself.

Dear Miss Wise—I have a very oily skin. Will you please tell me what to do for it?
LUOY.
There is usually an inward cause for the condition, such as indigestion. If no material effect is gained by the following treatment it would be well to get your physician to give you treatment. Apply the following lotion: Two grains of sulphate of zinc, eight drops of compound tincture of lavender and one ounce of distilled water. Banish all rich and greasy foods, because diet has a great influence on the condition of the skin. Wiping the face occasionally with diluted alcohol (25 percent strength) is beneficial in the case of an oily skin. A few drops of ammonia or a pinch of borax in the water in which the face is washed is also helpful.

Dear Miss Wise—My eyebrows are very thin. What would you recommend for me to do for them?
THANK YOU.

A good eyebrow grower is made from two ounces of vaseline, one-eighth of an ounce of tincture of cantharides, fifteen drops of oil of rosemary. Mix thoroughly and apply to the eyebrows with a tiny toothbrush once a day until the growth is sufficiently stimulated; then less often.

Dear Miss Wise—When introducing a boy friend to your mother or other elders, what should you say? When introducing a boy to a girl what should you say?
TILLIE.
"Mother, I want you to meet Robert Brown." Mention the elder person first.

"Betty, I want you to meet Robert Brown. This is Betty Smith, Robert."

Dear Miss Wise—Will you please give me the names of the largest rivers in the United States down to and including the Ohio?
STUDENT.

I was unable to find the largest rivers so far as volume and drainage were concerned, but following are the rivers in order of their length: Mississippi-Missouri, 4260; Arkansas, 2170; Rio Grande, 1800; Red, 1600; Colorado, 1300; Nebraska, 1200; Tennessee, 1200; Yellowstone, 1000; Ohio, 950.

Dear Miss Wise—If you met a boy accidentally and he wanted to buy you a soda and take you home, what would you say?
MAMIE.
If he were a boy of my acquaintance, I'd be tempted to take the ice cream.

Dear Dolly—Since you give such good advice to people, probably you will help me. I am very fleshy. I weigh 150 pounds and am 14 years old. How can I reduce my weight? I have long, thick straight hair. How should I comb it? I am a brunette. What colors would be becoming? Thank you very kindly.
LUOY.

Take plenty of exercise and do not eat fatty, starchy foods. Eat salads and fruit. Do not eat candy. Braid it down the back and tie it loosely with a hair ribbon. Pink, blue, green and brown.

Dear Miss Wise—A boy said he would call me up the other evening and he did not, and he hasn't yet. What should I do when he does call up?
ESTHER.

Talk to him as though you had forgotten he said he was going to phone you.

Dear Dolly—When going to a picture show, who should walk first when going down the aisle, the boy or the girl?
EMMA.

Question 40—I cannot tell you what to say when I do not know the woman or what she has done for the lodge. The retiring matron will probably make the first speech and it will be easy for you to respond. Thank her for what she has done for the lodge during her term of office and say you are sorry to lose such an untiring worker, or something to that effect. Then you might say a few words about what has been accomplished during the past year and what you hope to do during the coming year. Just give a nice little talk the same as you would if you were talking to her individually. No one likes to listen to a long dry speech.

SOCIETY

Miss Mary Baron, the sweet young daughter of Mr. John Baron, was tendered a most delightful surprise party last evening, it being the nineteenth anniversary of her birth. Her aunt, Miss Minnie Weichens, successfully planned the "surprise," and the event took place at the Weichens millinery store shortly after closing time. Miss Baron was taken for a short walk by her aunt, and while they were gone the girls employed at the store, together with a few intimate friends got together and had everything in readiness for the delectable repast when the guest of honor returned. The table was fairly laden with good things, besides a pretty birthday cake. The color-scheme was yellow and white, and in the center was a magnificent bouquet of white and cream roses. The tissue napkins were white traced in yellow. Seated at the table to enjoy the sumptuous menu and to enter into the mirth and merriment of the occasion, were Misses Grace Kimball, Christine Otto, Sybil Smith, Edith Smith, Anna Pfeiffer, Minnie Weichens and Mary Baron.

Mrs. A. B. Voorheis, who has been ill at her home in Cincinnati, was unable to come to Portsmouth to attend the funeral of her late husband this afternoon. Mr. A. Damarin and Mr. Charles Souder went down to Cincinnati to remain a few days Mrs. Voorheis.

Meet Me At Nye's Fountain, 12th One of the happiest events in the history of the Local Christian Endeavor Society of the First Christian church was the annual corn-roast held at the pretty country home of Mr. and Mrs. G. Wash Williams, Rosemount Road, Monday evening. The trip coming and going was made in automobiles, and altogether sixty-three persons were present. From the start of the fire until the last ember passed into nothingness, fun and frolic were on tap and every person present had the time of his or her life.

The big fire was kindled in the Williams lane, and while the bed of "coals" was getting to the proper heat the big crowd gathered around and cracked jokes, told stories and incidentally kept warm. The maidens fair, and there were quite a number of them, helped the boys gather in two huge baskets of sweet corn, which were dumped on the red-hot embers, and which soon sent up an odor that whetted everyone's appetite, even to that of Rev. Charles R. Oakley, who before the evening was over, qualified as the champion roast corn eater of the First Christian church. If he ate less than a dozen ears, it was because he ran out of corn. John Williams, of course, was right with the reverend gentleman when it came to devouring corn. John, however, fell one sandwich shy and two glasses of buttermilk less, all because he does not have so hefty a waist-line as the pulpit orator. When the superintendent of water works manages to add several inches to his circumference, then the whole Endeavor Society will back him against Rev. Oakley in any kind of an eating contest.

Thanks to the thoughtfulness of Mr. and Mrs. Williams, their guests were supplied with plenty of fresh butter, coffee and cream. In fact they made the whole big crowd feel right at home, and make no mistake about it, everyone will be back next year, the Lord willing.

The Endeavor Society, which is one of the live wire organizations of the church, simply scored another triumph in the corn roast. It was a good fellowship meeting and will ever linger with present memories in the minds of those who were fortunate enough to be present.

The Endeavors wish to express their thanks, through the columns of The Times, to the following persons who so kindly donated the use of their automobiles: Dallas Lemon, George Tatman, Charles M. Howland, Mrs. O. W. Robe, C. I. Cheyney, Chester Kerr and F. W. Sheridan.

The regular monthly meeting of the Second Presbyterian Women's Society was held yesterday afternoon at the home of Mrs. George Freund, who was assisted by Mesdames W. G. Williams, C. Pyles, Charles Schirmann, Pauline McKeown, J. B. Campbell, Misses Alma Heinisch and Jess Evans. There were thirty present. After the regular business and program the hostesses served refreshments.

The Women's Auxiliary of All Saints' church held a delightful meeting yesterday at the home of Mrs. Ida McElhenny, in Kentucky. Thirty members were over on the nine o'clock ferry and were met there by wagons to convey those who did not care to walk, to the McElhenny home. An elegant chicken dinner was served at noon. After dinner a business meeting was held. Mrs. W. O. Ferguson presided. Mrs. Thomas Silk gave the scripture reading; Mrs. Hattie Russell read the minutes of the last meeting, and Mrs. George Small gave the treasurer's report. Mrs. M. S. Pizley gave a reading. "The Woman's Thank-Offering for the General Convention to be held in St. Louis, Mo., in October. Mrs. J. H. Varner gave

a reading on the delegates who attended the National Missionary Congress held in Washington, D. C., last April. Miss Anna Ross gave a missionary reading, "What Mary Saw." Those present were Mesdames M. S. Pizley, Henry Bannan, J. E. Brushart, W. C. Ferguson, George Small, J. H. Varner, Robert Barry, William Baker, George Webster, Robert Baker, Fred Stricker, John Dillon, Henry Hall, Hattie Russell, J. L. Watkins, George Law, Sarah Losee, W. S. Oldfield, Samuel Edgington, Thomas Silk, S. I. Gilbert, J. D. Bridges, John Capelhart, Elizabeth Griffith, Sarah Fairer, Ber. and Mrs. Powell, Misses Margaret Firminston, Jennie Cruthers, Isabel and Josephine Kinney, Hester Bryan, Anna Ross. The guests were Mrs. Lou Deben and daughter, Ethel, of St. Paul, Ky.

The next meeting will be held at the home of Mrs. Robert Barry.

Frank J. Baker Women's St. Regis Boots

Dainty two tone effects in lace boots. In the two-tone effect we present a style that is uncommonly attractive for autumn wear.

The shoe has a vamp of black vici kid while the tops are of ivory kid; dainty leather Louis heels add to the finishing touches to these very clever boots.

If you prefer all black kid or a patent vamp and black top in the 8-inch boots I have them also.

Jack Perry And Roy Click Clash In Distel Hall Monday Night

Clever Fighters Will Fight Ten Rounds; Two Classy "Prelims"

Lovers of boxing will have their tastes more than gratified on next Monday evening, September 25, when Jack Perry and Roy Click, both noted exponents in the lightweight world, clash in a ten round bout at Distel's Hall, Seventh and Chillicothe street.

The fact that this bout has been booked by Charles Kieglar is proof positive that it will be a genuine battle, one that will long linger in the memories of the fans in this city. Mr. Kieglar positively guarantees that the two boys are cracks and that they will put up a hard scientific glove contest.

Perry, who will tip the beam at 135 pounds is regarded all over the country as one of the best boys of his weight and inches. He is a rattling good fighter, using both hands and has a record of which he is extremely proud. He is still in his youth and has visions of the championship now owned exclusively by Johnny Kilbane. He has won more than 300 fights and is as active as a fly.

His opponent, Roy Click, is known as the "western champion" and many aspirants to the light weight crown have been laid away by his unerring aim. He is two years younger than Perry, but

Monroe, Mich., Sept. 20.—Friends of Edward Hartwig of Monroe, a former pitcher of the Portsmouth, Ohio State league team, now in Golden, Colo., for his health, last night forwarded him a check for \$300. Hartwig, who showed considerable promise as a southpaw twirler was forced from the game by ill health.

Howdy Caton Here

Howdy Pap! Howdy Caton. Well he's in town and he is saying Howdy to everybody and is accompanied by his usual smile. Howdy blew in last night from Birmingham, where he had a fine season in the Southern league. He batted and fielded well for the team.

Until the last month Howdy led the Southern league base stealers. He is looking well and prosperous and his many friends here are certainly glad to see the doubly little shortstop, who last season was easily the best infielder in the Ohio State.

He is on his way to winter quarters and home cooking over in Zanesville, but will tarry here a few days to tell the boys how hot the South is in the summer and how he made good in Birmingham tags.

Concedes Honor To Speaker

Detroit, Sept. 19.—Tyrus Cobb, for nine years the leading batsman of the American league, today conceded that Tris Speaker of the Cleveland club, would be the 1916 champion. Speaker now has a margin of nearly 20 points over Cobb, according to unofficial averages. Cobb said it was a human impossibility for him to try to cut down this lead and at the same time to co-operate in team play to the fullest extent of his ability. Cobb's individual efforts won two of Detroit's recent victories.

HARD SCHEDULE MAPPED OUT

Vermilion, South Dakota, Sept. 20.—punter and dropkick: Ferdinand Funch, one of the hardest campaigns ever mapped out for a football team is that framed by the schedule makers for the eleven that will represent South Dakota this fall. The severity of the card has forced Coach Blaine McKusick, to plan complete lineups, and he expects to find good material among last year's scrubs. A squad small in numbers but long in weight will form the nucleus for the eleven. It includes Harold Sprague and Frank McCormack, half and full, respectively, the stars; "Big" Homer, tackle; Paul Carroll, tackle;

Splendid Service To Be Given By Local Roads

Time for the special trains, which the Norfolk and Western railroad will run during the Kora Karnival, to leave Portsmouth, was announced Wednesday morning by R. E. Scott, passenger agent.

The special from Ironton will leave the Nail City at 6:30 Thursday evening.

This train will be operated in two sections.

Then on Thursday and Saturday nights, specials will be operated on the Cincinnati division between Portsmouth and Winchester. The specials will leave Portsmouth at 10:30 o'clock.

To come to the Karnival, the regular train service will be used.

The Baltimore and Ohio railroad will run special trains on Thursday and Saturday evening of the Karnival as far as Jackson. A special will leave the N. & W. depot at 10:30 Thursday and Saturday evening bound for Jackson. This will give all people living along the railroad a chance to see the parades.

The opening event of the Kora Karnival this year will be the Kora Karnival Community Kamp dinner, which will be staged at Tracy park Wednesday noon, September 27.

The Eight Ladies' Aid Societies have charge of the service and the disposal of the tickets. They report that the tickets are being sold rapidly. This is an unusual event and no citizen should miss it.

On Wednesday night the huge Industrial-Boosters' parade will pass in review. It is to be a stupendous affair and should not be missed.

The second day of the Karnival will be a hummer. There will be a Farmers' parade in the morning and a Fraternal Parade in the evening. At seven o'clock special trains bearing a legion of Ironton Boosters will be here to assist in the celebration.

Friday is another gala day. No larger or better than any of the other days, yet distinctly different. There will be a children's parade in the afternoon and an automobile parade in the evening. Get out and see the big and little Road Leviathans pass in review. There will be gaily decorated cars and grotesque cars. Something entertaining and interesting every minute.

The closing day, Saturday, September 30, is always just as good as the first day. The enthusiasm is just as fresh and the spirit is just as loyal. There is no tearing down booths before the show is over or any of the uncomfortable moments usually attending the last day of an entertainment.

There will be a Fiddlers' contest, a buck and wing dance, and last of all Eight Ladies' Aid Societies have charge of the service and the disposal of the tickets. They report that the tickets are being sold rapidly. This is an unusual event and no citizen should miss it.

**Fire Last Night Partially Destroyed
Russell Home, Firemen Were Kept Busy**

The home of George W. Russell, 814 Third street, was partially destroyed by fire of unknown origin early Tuesday evening. The loss, which has not been estimated, is fully covered by insurance.

The Russell home is a double frame structure that had been recently renovated. Painters and paper-hangers finished their work last Saturday. The eastern half was occupied by Mr. and Mrs. Robert Eastwood and Mrs. Anna Prater.

When the fire started, Mr. and Mrs. Eastwood and Mrs. Prater were away. Mr. Russell had come home from market and stepped out into his back yard, when he saw a red glare and smoke in the dining room of the Eastwood apartment. He hurried to the back and secured the garden hose, attached it to a water plug and attempted to extinguish it.

Within a short time a crowd gathered. Mr. Russell handed the hose to some boys and went into the house to get some valuable papers. The flames had reached the cornice of the structure before an alarm was turned in.

With the Seventh street and the East End companies came a large assemblage of people. Most of the household furniture in the Russell apartment was removed. The flames by this time had completely enveloped the structure. Several lines of hose were soon drenching the charred wood. It would die down then flare up again.

A hose became uncoupled, drenching many people who were near by.

Suddenly a cry went up that there was another fire at Eleventh and Clay streets. There was a push and a rush and the crowds of a few moments before had disappeared.

Lowell Selby, son of J. O. Selby, assisted the firemen in their work by driving his touring car along side the Russell home and throwing the rays of a side light upon the roof.

The blaze was soon under control. Chief Geo. Koerner, who took part in the fight, and the members of the East End department went to the new alarm, leaving the Seventh street department to complete the work. The second fire was a small roof blaze at the Portsmouth Store and Range Works which was soon ex-

tinguished. Another alarm was also sent in from Gallia street and Campbell avenue, it having been sent in for the stove plant fire.

Robert Eastwood said that he was at work when the Third street fire was discovered in his

home and that his wife was over at a grocery. His mother-in-law, Mrs. Anna Prater was visiting in West Virginia. He estimated his loss at \$400 and his mother-in-law's loss at \$400. Neither carried insurance.

Practically all of the back portion of the Russell house was destroyed before the fire was extinguished.

The Hazlebeck company will insure you. 819 Gallia St. adv

Charge Of Operating Pawn Shop Without License Not Sustained

Leffie De Berrienne and David Ladd, who were charged with unlawfully operating a pawn shop without a license in the Thomas Brand building on Chillicothe street, were dismissed by Mayor Kaps Wednesday morning for lack of evidence.

Pawnbroker James G. Manning of No. 814 Chillicothe street, was the complainant against the two young men, who had just recently opened a second hand furniture and clothing and shoe store in the Brand room.

Mr. Manning testified that some man giving the name of Louis Neely, who was intoxicated, had come into his store Tuesday and presented a slip of paper on which was written his name, a list of jewelry and the time it was redeemable upon payment of 15 cent charges. He saw at a glance that it was not one of his pawn slips. The fellow for a time insisted he was in the right place, but Manning suggested to him it might be the new second-hand store where he had pawned the jewelry. He went out to investigate and returning in a few minutes expressed the belief that it was the place Mr. Manning had referred to. Mr. Manning asked him for the slip of paper and taking it went to the second hand store, presented it, together with 15 cents and was given the jewelry. He turned the jewelry over to the police. He said Neely had visited his store again Tuesday night and asked him not to press the case against the second hand store keepers.

Mr. Ladd, who is in charge of the store, said Neely wanted to pawn a watch with him, but he had told him he was not engaged in that business, but he offered to buy it of him for \$1, which Neely refused. Neely then sold a stick-

pin and clasp to him for 15 cents and asked the privilege of buying it back next day. He said Neely was intoxicated and asked for a receipt, which he gave him. Mr. Brand testified that he was in the store when a man who seemed to be under the influence of liquor wanted to pawn a watch, but that the young man in charge, whom he did not know at the time, and who proved to be Mr. Ladd told him he was not engaged in the pawn broker business. He said Ladd did not know that he was the owner of the building and had taken him to be a customer and had started to wait on him.

The mayor told Mr. Manning that if he had retained the slip of paper there might be something to work on, but under the circumstances he was obliged to dismiss the case.

De Berrienne, as he arose to leave, said jealousy upon Manning's part had prompted the charges. "I'd like to know who would be jealous of you," retorted Manning with some warmth. The mayor called for order, reminding them both that if any trouble was started in the court room a prison was located conveniently near for them.

William Russell, a Louisville, Ky., negro who was arrested by Detectives Reno and Leslie for making threats in the Busy Bee room on Eleventh street Tuesday afternoon to kill the first person who bothered him, was fined \$10 for drunkenness and disorderly conduct.

Lawrence Kelly, a middle-aged man found drunk in the Frank Seymour barn and whom hostlers had removed for fear he might set fire to the barn, was fined \$5. John Peterson, the Norwegian arrested for a singing drunk Monday night, was again locked

up Tuesday evening, having been staggering about the Biggs House corner. He and a companion, who was in the city Tuesday, declared that a big delegation would be down from his home town to attend Portsmouth's Kora Karnival.

Well, Let Them Come

John James, of Ironton, traveling salesman of the Blumner-Surlin Packing company, of Columbus, who was in the city Tuesday, declared that a big delegation would be down from his home town to attend Portsmouth's Kora Karnival.

**101 RANCH SHOW AND
BUFFALO BILL WILL
VISIT CITY TOMORROW**

The much-exploited Buffalo Bill (Himself)—101 Ranch show is due to reach the city tomorrow. The event has undoubtedly aroused a great deal of pleasurable anticipation among those who thoroughly enjoy a strenuous military and Wild West exhibition.

Before the city is fully awake tomorrow morning, the long trains utilized to transport the paraphernalia of the show will have rolled into town, the cars been unloaded, the scores of wagons and hundreds of horses and other animals hustled out to the Sixteenth and Findlay streets show-grounds, where the big aggregation is to be domiciled during its stay, the first tents erected and arrangements under way for the preliminary military street parade and the two performances that are to follow.

The fact that the show has been entirely rebuilt and that everything is new, spick and span, will give a zest to the early morning interest of the crowd. Then, too, there is the possibility, especially to be hoped for on the part of the youthful element in the community of catching a glimpse of the redoubtable Buffalo Bill, who has his own private car with the show, and who is usually in evidence in the early hours, huth at the "runs," where the show is unloaded, and in the exhibition grounds.

It goes without saying that there will be a big crowd of curious citizens on hand to see the show arrive, to watch the Wild West camp erected, and, later, to enjoy the parade, which leaves the grounds promptly at 10:30 and passes over the usual downtown route.

Seats will be on sale all day tomorrow at Wurster Bros' drug store at the same price as on the grounds.

Maccabees Complete Plans For Karnival

Members of the Women's Benefit Association of the Maccabees held one of their best meetings in months Tuesday evening. A class of ten candidates was initiated. Mrs. Nellie C. At the close of the initiation the local degree team presented Mrs. Heppert with a silver berry spoon.

The members gathered at the hall at 6:30 o'clock and enjoyed a banquet, after which the lodge session was held. Final arrangements were made for the lodge's part in the Kora Karnival. The degree team will march in full uniform and the members will ride in automobiles behind a large float. Members will form in line on Eighth street, east of Chillicothe. A large class initiation will be held on October 3rd.

As long as he is in charge of the local company, Capt. Keyes said he would firmly enforce military discipline. "I believe the boys will appreciate something like this more than a lax method," concluded Capt. Keyes.

Oscar W. James and C. F. Argerbright were arrested late Tuesday afternoon and placed in the county jail by Constable H. H. Baker.

Capt. Keyes stated Wednesday

Coal Barges Sunk; Loss Will Be Heavy

The low stage of the Ohio river has played havoc with the present movement of the Great Kanawha coal fleet from Ft. Pleasant to Cincinnati.

The towboat Geo. Matheson with a big fleet of coal barges aground at Bonanza bar Tuesday night, scattered her fleet and sank one barge of coal. The towboat J. T. Hat-

field got over a half dozen of her loaded barges aground near the government dam just below Portsmouth, Wednesday morning and in trying to get them off sank one of them. The loss to the Hatfield company will run into the thousands. All available derrick boats in this vicinity were pressed into service in an effort to raise the sunken barges.

Auto-Toxication Is Cause Of Ills

Vital Organs Rebel at Being Kept on Constant Strain

The world's most eminent authorities on the science of healthful living and present day diseases, liken the human body to a steam engine, its wastes corresponding to the ashes.

They have also termed the foundation of modern maladies, which daily leave hundreds of sad homes in their trails, auto-intoxication, which is nothing more nor less than the self-poisoning of the vital organs, brought on by excessive mental and physical strain.

The toxication has its origin, for the most part, medical experts say, in the kidneys or stomach, because of the faulty methods of living which have become common in recent years.

When the organs become weakened from any cause they are unable to throw off the accumulation of waste matters. The injury which comes from the retention of the body's waste products is of the greatest importance. Abnormal conditions of the intestines are largely responsible for the common headache malady, and for a generally lowered resistance, resulting in colds and catarrhal affections as well as other equally serious ailments.

Under these conditions the organs are rendered lame and toxins—actual poisons—are permitted to generate within one's body.

Bright's disease, stomach and intestinal troubles and catarrhal affections of the mucous membranes may be called auto-intoxications.

Tanlae, the ideal reconstructive tonic, was designed especially to combat these ills. Tanlae begins its action by stimulating the digestive and assimilative organs, thereby enriching the blood and invigorating the entire system. Next Tanlae aids the stomach to thoroughly digest the food, thus permitting the assimilable products to be converted into blood, bone and muscle.

To the automobilist it might be said that Tanlae acts as a spark plug in the human mechanism. It starts the vital engines and then keeps them going at a proper regulated speed.

Tanlae, the ideal tonic, invigorant, appetizer and builder of tissues, is being introduced in Portsmouth at Fisher & Streich's where the Tanlae Man daily explains its merits and what may be expected from its use.

Astonishing Power of Iron
To Give Strength to Broken Down Nervous People

Physician Says Ordinary Nuxated Iron Will Increase Strength of Delicate Folk 200 Per Cent. In Two Weeks' Time In Many Instances.

NEW YORK, N. Y.—In a recent discourse Dr. E. Sauer, a well known specialist, who has studied widely both in this country and Europe, said: "If you were to make an actual blood test on all people who are ill, you would probably be greatly astonished at the enormous number who lack iron and who are ill for no other reason than the lack of iron. This iron is supplied all their multitude of dangerous symptoms disappear. Without iron the body is unable to live, and without iron you are unable to do anything. You don't get the strength out of your food, you don't get the strength out of your blood, you don't get the strength out of your muscles. You are all run down and frequently die of iron deficiency. New York, Sept. 20.—Despite the attempted intervention of a committee of business men, there seemed to be little prospect today of averting a general strike in sympathy with the street railway employees. Labor leaders aver that the proposed general walkout will involve about 700,000 workers in all trades.

A second conference of the business men with the mayor and chairman of public service commission was called today but it was the feeling of those most directly concerned that the situation had reached an absolute deadlock.

Union leaders have promised to withhold their order for a sympathetic strike until after Thursday and, in the meantime, the city authorities and business men will endeavor to find some way to prevent an extension of the labor war which threatens to tie up a considerable part of the city's industries.

The attempt to operate surface cars last night resulted in the worst rioting since the strike began, but the officials of the transit companies say the service in the day time is improving steadily.

EXPLOSION KILLS FIVE

Huntingdon, Pa., Sept. 20.—The cause, officials said, will probably never be known. Five men were instantly killed and another sustained fatal injuries when the air dry house of the Mt. Union Plant of the Actna Explosives Company was wrecked near here today. All the dead were employed in the building, which was blown to pieces. The force of the blast was heard for miles, but with the exception of broken windows, the only damage to the plant was in the building where the explosion occurred.

RAILWAY BROTHERHOODS URGED TO SUPPORT WILSON

Cleveland, O., Sept. 20.—W. G. Lee, president of the brotherhood of railway trainmen, issued this bulletin to the 133,162 members of the organization today:

"Surely it is the duty of not only our own members but all persons who work for a living, to support our friend, and, if possible, defeat our enemy at the coming election. Therefore, it is urged that the members of the brotherhood be requested that the position taken by President Wilson and both branches of congress be not forgotten and that all members use every honorable means to retain in office, regardless of partisan belief, those who have proved their loyalty to the cause of labor."

It was announced a similar bulletin will be issued by Warren S. Stone, of the engineers' brotherhood; A. B. Gurteisen, of the conductors' brotherhood, and W. S. Carter, of the firemen. It was learned that in violation of tradition, an editorial in the coming issue of the Railroad Trainman, the railroad official organ, will attack the Republican candidate, Hughes, and will urge the support of the Democratic national and congressional ticket.

NO IMMEDIATE PROSPECT FOR PEACE SAYS GERMAN LEADER

Berlin, Sept. 20.—Via London.—Delayed.—Major Ernest Bassermann, leader of the National Liberal party, in a keynote speech delivered on Monday before his constituents in the Saarbrücken district, declared that the submarine campaign had been postponed and not abandoned. Major Bassermann advocated the widest possible use of both submarines and zeppelins.

The National Liberal leader asserted that its views were shared by Admiral Von Tirpitz, Admiral Von Koester, Prince Von Buelow and Count Zeppelin. They maintained that "in a struggle wherein the existence of Germany is at stake the most ruthless of all possible weapons is called for." This sentiment was heartily applauded by his audience. "Submarines and zeppelins," continued Major Bassermann, "were the most effective weapons against our arch-enemy, England."

Referring to the United States, Major Bassermann warned his hearers against trusting for any permanent effect upon American sympathies from England's blacklist policy and the achievements of the Deutschland and other commercial submarines. He warned them also not to hope that the present American protests to England would have any greater effect than their predecessors.

No prospects of peace were held out by the speaker. He told his hearers that it would be a delusion to believe that there was any immediate prospect of an end to the war. On the contrary, he said, Germany was facing a more difficult war than

AUSTRIANS ARE TO EVACUATE TRIESTE

Athens, Sept. 20.—(Via London)—It is stated in the most reliable diplomatic sources here that the Austrians are preparing for the evacuation of Trieste.

WILSON AND LEADERS TO ANSWER ATTACKS MADE BY HUGHES

Long Branch, N. J., Sept. 20.—President Wilson swung into campaign form today. With his plan for discussing public questions before non-partisan organizations instead of making campaign tours fully decided upon, he actively took up his political plans after a lull of more than a week caused

at first had appeared possible, but, nevertheless, he saw no reason to doubt ultimate victories.

by illness and death of his sister, Mrs. Annie E. Howe. Administration leaders here predict that from now on there will be plenty of activity in the Democratic campaign. The attacks of Charles E. Hughes will be fully met, they say, by the president himself, and by members of his cabinet and Democratic leaders who will tour the country. Vance C. McCormick, the chair-

Berlin.—(Via London)—Sept. 20.—Many lives were lost and enormous damage caused near Babelsberg, Bohemia, by the bursting of a dam in the valley at Meissendesse.

A despatch from Hirschberg, Silesia, says that according to despatches there 250 bodies had been recovered up to noon Tuesday. These included many children. The disaster came so suddenly that it was impossible to give timely warning to all localities. Messages speak of waves 20 feet high destroying everything in their path over a stretch of twelve or more miles.

The dam which gave way was in the mountains of Bohemia, near the German frontier. Water to the depth of six feet swept through the neighboring villages, carrying away trees, wooden houses, parts of bridges and corpses. The number of dead has not been ascertained. As the great mass of water was released, it rushed in a 12-foot high wave down the Weissendesse valley, carrying thousands of feet of lumber on its crest and hurling it with great violence against buildings and bridges in the villages in the center of the Bohemian glass industry, destroying them as if they were matchwood.

Ninety minutes after the break the flood had reached Tannwald and mounted to six feet above the bridges, tearing through the town and carry away and practically destroying everything in its path. Shortly afterward similar scenes were repeated in the villages below Tannwald, where the waters destroyed glass cutting works, mills and houses and then carried them down stream.

That the loss of life was not greater was due partly to the hour of the catastrophe, which was late in the afternoon when most of the houses were empty and also to warnings that were telephoned down the valley ahead of the flood.

Not in the Running. "Shall I announce that I am in the race for congress?" "Perhaps it would be nearer the truth to state that you are merely candidate, my boy."—Louisville Courier-Journal.

man of the Democratic national committee, who spent the night at Shadow Lawn, held an early conference with the president today before leaving for headquarters in New York. He will return in a few days to make arrangements for the speeches to be made by Mr. Wilson.

RELEASE OF PRISONERS DEMANDED OF TEUTONS

(BULLETIN)

Athens, Tuesday, Sept. 19.—(Via London)—Sept. 20.—There is reason to believe that the Greek government has sent an ultimatum to Germany and Bulgaria, expiring Wednesday night, demanding the immediate return of the soldiers taken prisoner at Kavala.

PAROCHIAL SCHOOLS AS SOCIAL CENTERS FAVORED BY DELEGATES

Washington, D. C., Sept. 20.—Parochial schools should be used more generally as social centers for both children and adults, according to views expressed by many speakers at the final sessions of the National Conference of Catholic Charities here today. Parish halls, likewise might be turned into meeting places for the benefit of the community.

Other discussions turned about the advisability of employing public nurses to visit homes where there is no sickness to give advice which would prevent later outbreaks of disease. Instructions in sanitation and practical health subjects for the poor and uneducated were urged as the duty of social workers.

BOOST FOR KARNIVAL

The Ironton Irontonian this morning had the following to say of the Times Korn Karnival edition and the Karnival: "The Portsmouth Times printed a special Korn Karnival edition last night. There

were 56 pages and every branch of industrial, agricultural and social activity in Scioto county was given mention. It was really a splendid paper and a big boost for the Korn Karnival."

JOHNSON SUPPORTERS RALLYING TO WILSON

New York, Sept. 20.—Supporters of Hiram Johnson, progressive Republican candidate for United States senator, of California, are rallying to the standard of Woodrow Wilson. The San Diego Sun, an independent newspaper, although advocating the election of Governor Johnson, has repudiated the candidacy of Charles Evans Hughes and has declared unequivocally for the re-election of President Wilson. In the editorial announcement of its position the Sun says in part: "First of all the Sun is for Woodrow Wilson because we believe he has to his credit a greater story

of genuine achievement than has been vouchsafed to any other president since Abraham Lincoln. "We are for Woodrow Wilson because he has been the president of the whole people. We are for Woodrow because we're opposed to swapping horses while engaged in crossing a mighty duck and very treacherous stream in the middle of the night and finally, we're for Woodrow because the big predatory interests of the country, the interests we have fought for these many years are almost solidly lined up behind the Republican candidate."

A SPLENDID EDITION

We hope you enjoyed and appreciated our Korn Karnival edition, which was issued yesterday. If you only knew the energy, the enthusiasm and the honest work put into it by our staff and the pride we all took in the completed paper, we are sure you would give the edition more than passing notice, and bestow a kindly thought upon the young men who make The Times from day to day and who are capable of the extra effort necessary to put out large editions such as the one of Tuesday. Most papers send for expert help upon such occasions, but The Times has made it a rule that its own staff shall take care of such work, or else there will be no extra or special editions. And it is a matter of pride and satisfaction to us to know that we have a staff that has never yet fallen down upon anything they undertook.

JACKSON FALL FESTIVAL

We acknowledge the receipt of an invitation from Mr. Simon David, chairman of the auto committee of the Jackson Farmers and Merchants Fall Festival, to bring our flivver up and compete with himself and others in a grand auto parade to be held Thursday afternoon, September 28. We would like to accept, firstly for the pleasure of being in a parade with Mr. David and others of our Jackson friends and incidentally for that Hundred Dollar prize which of course we should expect to win. But unfortunately we cannot get away as our own Korn Karnival will be in full blast at the same time and we will be right here in our own home town on the job, and doing whatever we can to boost things along. Next year let us hope that dates will not conflict. Then we will take a decorated flivver to Jackson that we will guarantee in advance will capture first, second and third prizes.

In the meantime we trust Jackson will have a glorious festival, that it will surpass the expectations of its most enthusiastic booster.

DIVORCE DAY IN JACKSON

The Wellston Sentinel, of which paper our gifted friend, Col. John D. Littlejohn, is editor, has a court reporter blessed with a sense of the humorous, and he succeeded the other day in making his readers smile by his recital of the domestic tragedies and shipwrecks that came under his observation in the Jackson county divorce court. For original reporting it is entitled to a blue ribbon and we reproduce the article. It follows:

"Today was divorce day in the common pleas court at Jackson and Judge R. J. Glines made orders separating four couples who vowed to accept each other for better or worse. It appears that they hooked up on the latter horn of the dilemma.

"The divorces granted were:

"To Stella Bolen from Charles Bolen, the grounds being that it was impossible for Charles to return home at early candlelighting as formerly. Cause: he is in the Ohio penitentiary.

"The next order of dissolution was issued to Charles Morris from Maud P. Morris. It appears from the testimony that Maud became afflicted with a serious attack of wanderlust, and the last time she wandered away out into the cold but frolicsome world she left no forwarding address and must have had no stumps because she didn't write back home.

"In the third stroke of the sword of equity Fred W. Morris was freed from the tie that bound him to Lora Belle Martin. Fred charged that Lora was woefully neglectful of him and her household duties and now he is at liberty, under the laws of the state, to not remain so lonesome unless he wants to. We can almost hear Freddy old boy, humming, "Some Times I'd Rather Be Alone."

"In the fourth and last inning Ella C. Lloyd scored her freedom from Joseph C. Lloyd. It turned out in proof, which was not controverted, that Joe went away and may be going yet so far as the plaintiff has any knowledge. It appears that Joe liked to be hustling about, but not around home providing for Ella and making her feel like she was the apple of his eye. So Joe is willfully absent if not more so and Ella is free to cast her net again in the stream of life and this reporter can only hope that the next catch will be one that will bring happiness to herself and joy to the household."

BROAD OR DEEP?

(Bernard Hddings Bell in The Atlantic)

Of all persons who hinder the progress of religious thought, possibly the most effective is the man who is broad-minded without being deep-minded. It takes an exceptionally gifted man, one of unusual intellectual powers and mentality rarely disciplined, to be "broad" without spiritual deterioration. It has been well said that one's religion is like a river. When a river breaks over its well-established and ancient banks, unless it is a stream remarkably deep, it will quickly degenerate into an odoriferous and malarial swamp. . . . An extraordinarily religious soul may break over the banks and how out new channels successfully. The ordinary man, breaking over the former restraints in an intense desire to be "broad," usually accomplishes nothing except his own spiritual stagnation and the annoyance of his neighbors.

It is characteristic of the manner in which public improvements in Scioto county are carried out, that with the approach of winter another important thoroughfare should be ploughed up preparatory to paving. There is not one chance in a thousand of completing this contract this fall, or even of half finishing the work and for five months at least the public will be barred from use of the road, with no work being done upon it. Why not have waited until spring to begin the improvement?

AT IT AGAIN

PROUD OF HIS WORK

(Ohio State Journal)

This very pertinent paragraph from the Kansas City Times should be universally read, for it applies not only to the workman, but to everybody who does things—to the clerk, the lawyer, the dentist, the milliner, the editor, the preacher, the school teacher, et al., for the principle implied in the paragraph is a very important part of life: Every workman who is worth his salt is proud of his work and of the structure that arises from the labor of his mind and hand, whether it be a car, a boat, a house, a mighty bridge, a poem or a field of corn. The laborer who has not this feeling of pride in achievement is not a good workman.

One of the surest happiness of life is being proud of one's work, for it means honesty, diligence, care, skill and devotion. Every good piece of work has a moral quality back of it, and it is this quality that always gives the product its real worth. If there is any dishonesty, or negligence, or sneak-in-material in the work it will always appear in the product, and the workman will know it and see it and to him the work is not a source of pride. A mean, ill-natured man will always do poor work. It is always a case of thistles from thistles and thorns from thorns. It is all very bad, for it makes the whole life bad. Pride in achievement is left only to the worthy.

These be indeed glorious days, but the frost in the air makes one breathe a sigh of regret for the good old summer time, now fading away. After all 'tis spring and summer that makes life worth while.

A gentleman who was in Portsmouth for his first visit remarked that this seemed to him to be a town that had taken on a second growth—not a boom but just steady, substantial growth. And that is a pretty good way to size up the condition of affairs in Portsmouth, it seems to us.

Just what the shortage in paper means to the small paper, as well as the larger one, is shown by the troubles of the Hamden Enterprise. The Enterprise ran out of paper, was unable to get a supply on time and as a result its last week's issue did not get out until Tuesday of this week. This week's issue is to be skipped but hereafter the Enterprise hopes to be on hands on schedule time.

Wouldn't you like to see a real, old fashioned rip-roaring political parade with torches, red caps, and red cups and red fire? Honest now?

The Democrats are to be commended for steering clear of the high cost of living issue. As Mr. Dooley said to Hennessey: "The cost of living is usually about two jumps ahead of the pay envelope."—Berkshire Eagle.

Little Brother's Fish

WHEN FATHER BEAVER and Mikey Muskrat and Policeman Billy started out to find Mother Beaver, Mikey was sure, certain sure, that Policeman Billy knew more about where Mother Beaver was than he had told. But you see, Policeman Billy was a very high-up Wigglewag and why should Mikey do anything that should offend him? Mikey shouldn't—he knew that and he didn't. He just walked along as though he was to be there if Mother Beaver should come back unexpectedly.

So they went walking along, the three of them, away from Crooked Creek and into Shadow Wood. Bushy and Little Brother Beaver stayed in the weeds by the creek so as to be there if Mother Beaver should come back unexpectedly.

Now when Father Beaver allowed Bushy and Little Brother to stay there alone, he forgot all about Hoot, the Owl. And Mikey forgot, too. And Policeman Billy, who wasn't afraid of anything (much) didn't even forget—he never thought of Hoot—never once. And perhaps everything would have been all right only Little Brother got hungry, very, very, hungry.

"I want something to eat, Bushy," I do," he whispered. Now Bushy was just like you would be about your little brother. He wanted him to have something to eat if he was hungry. And then too, talking so much about eating as Little Brother did made Bushy hungry himself. You know how that is. So he bestirred himself for something to give Little Brother.

"Here's some fine tender twigs," Little Brother, come let's eat."

But Little Brother wouldn't even look. He just turned up his little nose and said, "Twigs? Pooh! Who wants twigs? I want some fish!" Just that way, as though he expected to get some.

Bushy didn't know what to do. He knew that there must be some nice fish out in the creek. In fact when he looked closely he was sure he could tell just where they could be caught. But he didn't quite know.

And right at that very minute, Hoot, the Owl, came back!

Whether it was safe for him to go out in the open and fish. He didn't think about Hoot, the Owl, but he just knew that beavers should be careful when in new country. "I do want a fish, Bushy, I do," insisted Little Brother and that was too much for Bushy.

"You shall have one, or I'm no fisherman," he cried, and out into the creek he dashed. And right at that very minute, Hoot, the Owl, came back! Flew over the dark waters of Crooked Creek, saw Bushy Beaver, suspected that he was fishing and—dashed right down and caught the very fish Bushy was trying to catch.

"Well it is indeed a great corner," replied the actor. "Say," said the wounded soldier, "have you ever been to the Hippodrome?" "Oh, yes, a number of times." The soldier's interest increased. "Say, Bill," said the girl, looking at him strangely, "what's happened to you, anyway? Have you got that hypo needle in your hip pocket? You better look. I think you've sat down on it."

Prayer Meeting This Evening

It was stated in Monday's Times that the prayer meeting services at the First Christian church would be dispensed with this week. That was a mistake. Reference was intended to be made to Wednesday evening, September 27, the opening night of the Korn Karnival. The prayer meeting this evening promises to be a splendid affair, for O. D. Morgun will be the leader and he will prove to be the right man in the right place. Let all members be present and help make the meeting helpful and inspiring.

Special Trains To Karnival Will Bring Thousands To City

Splendid Service To Be Given By Local Roads

Time for the special trains, which the Norfolk and Western railroad will run during the Korn Karnival, to leave Portsmouth, was announced Wednesday morning by R. E. Scott, passenger agent.

The special from Ironton will leave the Nail City at 8:30 Thursday evening.

This train will be operated in two sections.

Then on Thursday and Saturday nights, specials will be operated on the Cincinnati division between Portsmouth and Winchester. The specials will leave Portsmouth at 10:30 o'clock.

To come to the Karnival, the regular train service will be used.

The Baltimore and Ohio railroad will run special trains on Thursday and Saturday evening of the Karnival as far as Jackson. A special will leave the N. & W. depot at 10:30 Thursday and Saturday evening bound for Jackson. This will give all people living along the railroad a chance to see the parades.

The opening event of the Korn Karnival this year will be the Korn Karnival Community Kamp dinner, which will be staged at Tracy park Wednesday noon, September 27.

Eight Ladies Aid Societies have charge of the service and the disposal of the tickets. They report that the tickets are being sold rapidly. This is an unusual event and no citizen should miss it.

On Wednesday night the huge Industrial-Boosters' parade will pass in review. It is to be a stupendous affair and should not be missed.

The second day of the Karnival will be a hummer. There will be a Farmers' parade in the morning and a Fraternal Parade in the evening. At seven o'clock special trains bearing a legion of Ironton Boosters will be here to assist in the celebration.

Friday is another gala day. No larger or better than any of the other days, yet distinctly different. There will be a children's parade in the afternoon and an automobile parade in the evening. Get out and see the big and little Road Leviathans pass in review. There will be gaily decorated cars and grotesque cars. Something entertaining and interesting every minute.

The closing day, Saturday, September 30, is always just as good as the first day. The enthusiasm is just as fresh and the spirit is just as loyal. There is no tearing down booths before the show is over or any of the uncomfortable moments usually attending the last day of an entertainment.

There will be a Fiddlers' contest, a buck and wing dance, and last of all—a general outburst of pent-up enthusiasm—the masked patriotic parade. Cut out and make merry with your neighbor. Everyone masked and parading the streets. Nothing more picturesque could be held!

NOW COAL ADVANCES

Coal dealers report a scarcity of supply and the price advancing accordingly, it having raised locally from 12 cents to 13 cents per bushel or \$3.25 and \$3.50 per ton instead of \$3.00.

The recent big threatened railroad strike caused many big plants to stock up with coal and railroads also report having trouble securing cars.

KOHORTS GOING TO CHILLICOTHE

Today, Wednesday, is Portsmouth Day at the Chillicothe Fall Festival. The Karnival Kohorts expect to attend and put in a boost for Portsmouth's Korn Karnival. The Kohorts will leave on the N. & W. at 3:25 this afternoon and will return on the mid-night train. All Kohorts are urged to go.

Maccabees Complete Plans For Karnival

Members of the Women's Benefit Association of the Maccabees held one of their best meetings in months Tuesday evening. A class of ten candidates was initiated. Mrs. Nellie C. Heppert, state commander, of Akron, O., was present and led in the degree work. The new members are as follows: Mrs. Julia Dearth, Mrs. Belle Muntel, Mrs. Ida Yeatts, Mrs. Olivia Mosley, Mrs. Rosa Reid, Mrs. Sarah Parsons, Mrs. Lottie McLeod, Miss Sadie Daniels, Miss Louise Daniels and Miss Metta Edwards. At the close of the initiation the local degree team presented Mrs. Heppert with a silver berry spoon.

The members gathered at the hall at 6:30 o'clock and enjoyed a banquet, after which the lodge session was held. Final arrangements were made for the lodge's part in the Korn Karnival. The degree team will march in full uniform and the members will ride in automobiles behind a large float. Members will form in line on Eighth street, east of Chillicothe. A large class initiation will be held on October 3rd.

N. & W. SHOPS ARE WORKING 9 HOURS

The "back shops," namely the machine, erecting, boiler and blacksmith shops at the N. & W. terminals, were placed on the 9 hour per day work plan again Monday.

The four departments for the past month have been running on an 8-hour per day plan. Heavier work and the overhauling of Mal-blacksmith shops have required the return to the 9-hour plan which it is thought will be maintained throughout the winter months. Fully 200 men are affected by the new order.

101 RANCH SHOW AND BUFFALO BILL WILL VISIT CITY TOMORROW

The much-exploited Buffalo Bill (himself)—101 Ranch show is due to reach the city tomorrow. The event has undoubtedly aroused a great deal of pleasurable anticipation among those who thoroughly enjoy a strenuous military and Wild West exhibition.

Before the city is fully awake to tomorrow morning, the long trains utilized to transport the paraphernalia of the show will have rolled into town, the cars been unloaded, the scores of wagons and hundreds of horses and other animals hustled out to the Sixteenth and Findlay streets show-grounds, where the big aggregation is to be domiciled during its stay, the first tents erected and arrangements under way for the preliminary military street parade and the two performances that are to follow.

The fact that the show has been entirely rebuilt and that everything is new, spick and span, will give a zest to the early morning interest of the crowd. Then, too, there is the possibility, especially to be hoped for on the part of the youthful element in the community of catching a glimpse of the redoubtable Buffalo Bill, who has his own private car with the show, and who is usually in evidence in the early hours, both at the "rums," where the show is unloaded, and in the exhibition grounds.

It goes without saying that there will be a big crowd of curious circus fans on hand to see the show arrive, to watch the Wild West camp created, and, later, to enjoy the parade, which leaves the grounds promptly at 10:30 and passes over the usual downtown route.

Seats will be on sale all day tomorrow at Wurster Bros' drug store at the same price as on the grounds.

Ford Car Is Turned Out Every 40 Seconds

A car every forty seconds is being manufactured at the Ford Motor Works, Detroit, Mich., according to Roscoe Brady, who returned from there Tuesday after an extended visit.

The plant already employs 37,000 high class workmen and 16,000 additional men are to be put to work.

Billy Sunday, the evangelist, is there, Mr. Brady says, and it is estimated that he will receive \$200,000 in collections before he closes his services.

Fire Last Night Partially Destroyed Russell Home, Firemen Were Kept Busy

The home of George W. Russell, 814 Third street, was partially destroyed by fire of unknown origin early Tuesday evening. The loss, which has not been estimated, is fully covered by insurance.

The Russell home is a double frame structure that had been recently renovated. Painters and paper-hangers finished their work last Saturday. The eastern half was occupied by Mr. and Mrs. Robert Eastwood and Mrs. Anna Prater.

When the fire started, Mr. and Mrs. Eastwood and Mrs. Prater were away. Mr. Russell had come home from market and stepped out into his back yard, when he saw a red glare and smoke in the dining room of the Eastwood apartment. He hurried to the barn and secured the garden hose, attached it to a water plug and attempted to extinguish it.

Within a short time a crowd gathered. Mr. Russell handed the hose to some boys and went into the house to get some valuable papers. The flames had reached the cornice of the structure before an alarm was turned in.

With the Seventh street and the East End companies came a large assemblage of people. Most of the household furniture in the Russell apartment was removed. The flames by this time had completely enveloped the structure. Several lines of hose were soon drenching the charred wood. It would die down then flare up again.

A hose became uncoupled, drenching many people who were near by.

Suddenly a cry went up that there was another fire at Eleventh and Clay streets. There was a push and a rush and the crowds of a few moments before had disappeared.

Lowell Selby, son of J. O. Selby, assisted the firemen in their work by driving his touring car along side the Russell home and throwing the rays of a side light upon the roof.

The blaze was soon under control. Chief Geo. Koerner, who took part in the fight, and the members of the East End department went to the new alarm, leaving the Seventh street department to complete the work. The second fire was a small roof blaze at the Portsmouth Stove and Range Works which was soon extinguished. Another alarm was also sent in from Gallia street and Campbell avenue, it having been sent in for the stove plant fire.

Robert Eastwood said that he was at work when the Third street fire was discovered in his home and that his wife was over at a grocery. His mother-in-law Mrs. Anna Prater was visiting in West Virginia. He estimated his loss at \$400 and his mother-in-law's loss at \$400. Neither carried insurance.

Practically all of the back portion of the Russell house was destroyed before the fire was extinguished.

HENRY IS ARRAIGNED; PLEADS NOT GUILTY

John Henry, alias "Sheet Iron Shorty," was arraigned before Squire John W. Byron, Tuesday evening, on a charge of murdering A. Texas, in a deserted shanty, Hunt-Forbes Construction company's camp, on Thursday evening, September 14. He pleaded not guilty, much to the surprise of the authorities.

and was bound over to the grand jury without bond.

The day he was captured by Constable Wanser Ricker, John Henry told Sheriff E. W. Smith and Prosecuting Attorney Jos. T. Micklethwait that he had shot Texas following a "fuss" over a woman known as Fanny Adams.

When arraigned Tuesday evening, John Henry denied any knowledge of the murder of Texas. When confronted with the confession he was alleged to have made to the authorities, he claimed that he was telling the same story as on that day. In concluding, the negro said that he shot, but did not see anything when he fired the pistol.

Charge Of Operating Pawn Shop Without License Not Sustained

Leftie De Berrienne and David Ladd, who were charged with unlawfully operating a pawn shop without a license in the Thomas Brand building on Chillicothe street, were dismissed by Mayor Kaps Wednesday morning for lack of evidence.

Pawnbroker James G. Manning of No. 814 Chillicothe street, was the complainant against the two young men, who had just recently opened a secondhand furniture clothing and shoe store in the Brand room.

Mr. Manning testified that some man giving the name of Louis Neely, who was intoxicated, had come into his store Tuesday and presented a slip of paper on which was written his name, a list of jewelry and the time it was redeemable upon payment of 15 cent charges. He saw at a glance that it was not one of his pawn slips.

The fellow for a time insisted he was in the right place, but Manning suggested to him it might be the new second-hand store where he had pawned the jewelry. He went out to investigate and returning in a few minutes expressed the belief that it was the place Mr. Manning had referred to. Mr. Manning asked him for the slip of paper and taking it went to the second hand store, presented it, together with 15 cents and was given the jewelry. He turned the jewelry over to the police. He said Neely had visited his store again Tuesday night and asked him not to press the case against the second hand store keepers.

Mr. Ladd, who is in charge of the store, said Neely wanted to pawn a watch with him, but he had told him he was not engaged in that business, but he offered to buy it of him for \$1, which Neely refused. Neely then sold a stick pin and clasp to him for 15 cents and asked the privilege of buying it back next day. He said Neely was intoxicated and asked for a receipt, which he gave him. Mr. Brand testified that he was in the store when a man who seemed to be under the influence of liquor wanted to pawn a watch, but that the young man in charge, whom he did not know at the time, and who proved to be Mr. Ladd told him he was not engaged in the pawn broker business. He said Ladd did not know that he was the owner of the building and took him to be a customer and had started to wait on him.

The mayor told Mr. Manning that if he had retained the slip of paper there might be something to work on, but under the circumstances he was obliged to dismiss the case.

De Berrienne, as he arose to leave, said jealousy upon Manning's part had prompted the charges. "I'd like to know who would be jealous of you," retorted Manning with some warmth. The mayor called for order, reminding them both that if any trouble was started in the court room a prison was located conveniently near for them.

William Russell, a Louisville, Ky., negro who was arrested by Detectives Reno and Leslie for making threats in the Busy Bee pool room on Eleventh street Tuesday afternoon to kill the first person who bothered him, was fined \$10 for drunkenness and disorderly conduct.

Lawrence Kelly, a middle-aged man found drunk in the Frank Seymour barn and whom hostlers had removed for fear he might set fire to the barn, was fined \$5. John Peterson, the Norwegian arrested for a singing drunk Monday night, was again locked up Tuesday evening, having been staggering about the Biggs House

corner. He and a companion, giving the name of Ed Cleary, employed on the government dam, were fined \$5 each for drunkenness.

Toke Henry was locked up Tuesday night on a disorderly charge, but his hearing was continued.

K BOYS ARRESTED

For not attending drill and failure to report for drill at a encampment, Capt. W. J. Keyes, Seventh Regiment, O. N. G., filed charges against several members of the local company Tuesday evening in Squire John W. Byron's court.

Oscar W. James and C. E. Arnbright were arrested late Tuesday afternoon and placed in the county jail by Constable H. H. Baker.

Capt. Keyes stated Wednesday

morning that he had warned the young men to report for drill and they had failed to do so. "When the members of Company K fail to report after being warned, there will be charges filed against them," declared Capt. Keyes.

As long as he is in charge of the local company, Capt. Keyes said he would firmly enforce military discipline. "I believe the boys will appreciate something like this more than a lax method," concluded Capt. Keyes.
